DURABLE, ATMOSPHERIC 50CM X 50CM CARPET TILES

ONE OF THE BIGGEST CHALLENGES IN COMMERCIAL ENVIRONMENTS IS TO BRING CUSTOMERS IN THE RIGHT ATMOSPHERE IMMEDIATELY. A WELL-CHOSEN CARPET TILE CAN REALLY MAKE A DIFFERENCE HERE. OUR LINEA COLLECTION OF ATMOSPHERIC CARPET TILES FITS THE PICTURE PERFECTLY.

ADD A DYNAMIC TOUCH TO YOUR SPACE

These **50cm x 50cm bitumen backed tiles** consisting of 100% nylon (polyamide) fine gauge level loop piles are available in 6 popular shades of a random broker linear design, adding a touch of infinity to commercial floors.

GREAT CHOICE IN MODERATE TRAFFIC ENVIRONMENTS

The fire-retardant abilities and classification in class A of the Castor chair test make these tiles a great choice in most **commercial premises with moderate traffic pressure** as shops, offices, schools, colleges, hotels and municipal areas. Linea tiles are easily combined with the Tapibel 4m Linea Broadloom and the modular character of the tiles allows mixing different decors.

LINEA

- **Flammability resistance:** BflS1 according to EN 13501-1
- **Castor chair:** Class A according to EN985; 2001
- **Wear performance:** Class 33 according to EN1307
