

# shape & CREATE

Der Trend zur Individualität gewinnt im Interiordesign zunehmend an Bedeutung. Auch Fliesen können hier ein kreatives Designpotenzial erschließen. Mit ihnen lassen sich reizvolle Akzente setzen.

Fliesen müssen aber nicht immer quadratisch sein. Unterschiedliche Formen verstärken den individuellen Charakter eines Bodens und erzeugen verschiedene Wirkungen – von ruhig und behaglich bis expressiv und inspirierend.

SHAPE & CREATE – die zweite Fliesenkollektion von Halbmond mit 5 ausdrucksstarken Sonderformen, bietet ein schier grenzenloses Spektrum an Gestaltungsmöglichkeiten: Wing, Hexagon, Diamond, Wave oder Plank – jede Form hat ihren eigenen Charakter und verleiht dem Ambiente ein einzigartiges Flair.

Verschiedene Verlegekonzepte lassen zudem immer neue Muster entstehen. Der Boden wird zur Spielfläche und formiert sich zu einem kraftvollen Blickfang dem sich keiner entziehen kann. So entstehen individuelle Rauminszenierungen in Hotels, Büros, Shops, Bars oder Lounges.

Lassen Sie sich inspirieren vom faszinierenden Spiel der Formen & Kontraste.

The trend towards individuality in interior design is becoming increasingly significant. Even tiles can open up potential for creative designs. They can be used to create attractive accents.

However, tiles don't always have to be square. Different shapes emphasize the unique character of a floor and have different effects – from calm and cosy to expressive and inspiring.

SHAPE & CREATE – the second tile collection by Halbmond with 5 special expressive shapes offers a simply unlimited range of design possibilities: Wing, Hexagon, Diamond, Wave or Plank – every shape has its own character and gives the surroundings a unique flair.

Different laying concepts also allow for the creation of more and more new patterns. The floor becomes a play area and establishes itself as a strong eye-catcher that nobody can escape. This is how individual spatial installations are created in hotels, offices, shops, bars or lounges.

Be inspired by the fascinating interplay of shapes and contrasts.

La tendance à la personnalisation revêt de plus en plus d'importance dans le domaine de la décoration intérieure. Les dalles possèdent un fort potentiel en matière de créativité. Elles permettent en effet d'apporter de jolies touches déco.

Les dalles de moquette ne doivent pas forcément être carrées. La diversité des formes accentue le caractère personnalisé d'un sol et créent différents effets, allant du calme et reposant à l'expressif et inspirant.

Avec ses 5 formes originales, SHAPE & CREATE, la deuxième collection de dalles de moquette de Halbmond, vous permet de laisser libre cours à votre créativité de manière illimitée : Wing, Hexagon, Diamond, Wave ou Plank, chaque forme a son propre caractère et confère un charme unique à votre ambiance.

Par ailleurs, différents concepts de pose permettent de créer sans cesse de nouveaux motifs. Le sol se transforme en terrain de jeu et devient un point de mire qui attire irrésistiblement tous les regards. Cela permet de mettre l'espace en scène de façon personnalisée dans les hôtels, bureaux, boutiques, bars et lounges.

Laissez-vous inspirer par le jeu fascinant des formes et des contrastes.
